INSTRUCTIONS

1. Spiralize zucchini to make large zucchini noodles. Roughly chop to reduce length of noodles. Use a vegetable peeler as an alternative to a veggie spiralizer for creating zucchini strips.
2. In a large bowl, combine zucchini noodles, strawberries, avocado, cilantro, jalapeño and red onion.
3. In a small bowl, whisk together maple syrup and lime juice. Add salt and pepper if desired.
4. Pour small bowl of dressing over the large bowl of salad and toss to combine. Serve as a side salad.

Prep notes: If you're preparing this salad in advance, add your zucchini noodles at the last minute to prevent them from getting soggy.

For a hearty salad: Use 2 avocados.
